

# Restaurant Grease Traps & Drains

BIO-SYSTEMS  
INTERNATIONAL

BIOBUG PC minimizes hydrogen sulfides and buildup of sludge, thereby reducing odors, fecal matters, and grease compounds. BIOBUG PC dissolves gradually over 45 days (dependent upon flow rate) allowing for continuous waste treatment.

## Product Description

BioBug PC is an improved biological product, specifically formulated and packaged for use in restaurants where the water temperatures are higher.

To assure optimal performance of these organisms, under the toughest conditions, they are produced and blended with "high potency" nutrients and stimulants.

BioBug PC also contains specialty penetrants and surfactants which loosen and liquefy heavy grease deposits, thereby assisting in their biodegradation.

## Grease Control in Lift Stations

BioBug PC is packaged specially to maximize performance in restaurant applications.

**SLOW RELEASE**  
**Disperses bacterial**  
**product as it**  
**dissolves!**

### Benefits of the BioBug PC:

- Keep drain lines clean
- Reduce grease build-up headaches
- Prevent emergency blockages
- Save on-line jetting
- Lower grease disposal costs
- Reduce or eliminate odors
- Last longer in hot water flow

## Directions for Use

1. Suspend BioBug PC with rope into area to be treated.
2. Placed in less turbulent area, always submerged at the lowest water level to assure maximum contact time.
3. Replace BioBug PC as needed with new product.

## Precautions

Do not ingest or take internally. Avoid skin contact. Wear protective gloves and wash thoroughly after handling.

## Storage

Store in cool, dry place. Avoid contact with strong acids.
